

SERVICE

When companies need staffing solutions, time and efficiency are key priorities. In today's fast-paced corporate and manufacturing environments, placing employees in task-specific job functions isn't as simple as it used to be.

That's where SAGE Staffing excels. Not only do we provide your business with qualified applicants, we go the extra mile to make sure that they will fit in with your job requirements. As a matter of fact, a vigorous pre-screening of candidates has always been one of our highest priorities.

The Santa Clarita and Antelope Valleys are the fastest growing areas in the nation. And let's face it, new growth means new business and new people to ensure their success. Let SAGE Staffing become part of your team today and you can rest a little easier tonight.

FLEXIBILITY

Giving you the freedom to concentrate on the growth and quality of your business is what SAGE Staffing is all about. From filling routine temporary clerical positions to placing the right person in a direct hire position, SAGE can meet your demands and provide results you can depend on.

When you make SAGE Staffing part of your team, you no longer need to worry about tedious, day-to-day distractions like Worker's Compensation Insurance, Unemployment Insurance, payroll taxes, or payroll preparation and distribution.

HISTORY

In 1987, SAGE Staffing became one of the first locally owned and operated staffing services in the Santa Clarita Valley. SAGE saw tremendous growth opportunity in the rapidly expanding city, and with a bold first step, they literally knocked on the door of one of the Valley's most important businesses and offered their services. Six months later, SAGE Staffing began placing local people in the offices of the Newhall Land and Farming Company.

Since then, SAGE Staffing has become the leader in staffing the Santa Clarita Valley. Broadening their reach into the Antelope and San Fernando Valleys in 1993, SAGE has solidified its place in the local staffing industry.

Today, SAGE Staffing services over 400 of the area's most prominent businesses with the same enthusiastic conviction they started with in 1987. It's no wonder that local companies in the Santa Clarita, Antelope, and San Fernando Valleys trust SAGE Staffing to provide employees that meet their specific needs and increase their productivity.

COMMUNITY

SAGE Staffing understands that being an integral part of the community carries with it certain responsibilities. That's why SAGE Staffing supports the community not just by placing people in the workforce, but also by participating in various charitable programs and local civic activities.

CONSIDER THIS

If you're thinking about hiring a SAGE candidate to be your own employee, congratulations! You're making an excellent choice. Before the hiring process is initiated, please review our special plans and basic policies below.

Classic TEMPORARY

Pre-screened candidates undergo a thorough evaluation process before they are assigned to short term vacancies, special projects, seasonal business needs, or your employees are ill or on vacation. No matter your situation, a SAGE Staffing temporary worker is the perfect solution.

TEMP TO HIRE

SAGE hand selects candidates to meet your needs. This allows candidates to showcase their individual talents to you as the prospective employer. After working with your company as a temporary for a 90 day "get to know you" period, you determine if the candidate is the best person for the job. Hire them after 90 days for no additional charge.

DIRECT HIRE

Direct hire is an excellent plan because clients have access to more candidates from a larger pool of people. Many candidates commute to jobs out of the area and want to work locally. These candidates prefer the security of a Direct Hire Placement. The fee for this plan is a percentage of the annual base salary and SAGE Staffing guarantees all Direct Hire Placements. Call us for more information.

SKILL TESTING

This is a competency assessment tool which helps evaluate each candidate objectively and specifically for the particular skill sets an employer needs. SAGE Staffing also makes this valuable computer testing program available to local companies that want to test their own applicants.

CLERICAL

SAGE Staffing can give your company the perfect fit when it comes to placing clerical professionals in your office environment.

Whether you need administrative assistants, data entry clerks, receptionists, or accounting personnel, we provide your company with qualified candidates who have been thoroughly pre-screened and tested. You can be sure that the people we send will have track records with proven reliability.

ACCOUNTING

Since 1987, SAGE Staffing has built powerful relationships with local businesses. What does that mean for you? It allows us to make the important personal connections that are so valuable to your success.

From clerks to CFO's, SAGE Staffing provides support throughout your accounting department. We're specialists in placing accounting and financial professionals in either direct hire or temporary positions.
